DESCRIPTION

From the German high tradition delicatessen, at MRM we develop our Pork Knuckle – Grilled. A product ready to eat, where we select the best raw material, we keep the center bone and we cook and smoked the meat. Using this system we could obtain a high quality product

ADVANTAGES / ATTRIBUTES

- Ready to eat, just heating at the microwave or at the oven
- Sweet smoke touch with beech wood, developing a product sweet and juicy
- External roasted finish, creating a rind crunchy and tasty at the same time

CONSUMPTION / PAIRING

Thanks to our grilled pork knuckle ready to eat, the consumer only needs to heat, to plate up and to share with a good potato purée and a “chucrut” where cabbage is the principal ingredient. It’s a recipe perfect to share two persons or even with friends / family, together with a good wheat beer
