## DESCRIPTION

Mortadella is one of the most sliced common products into the display racks of the supermarkets. It could be made with olives, as a thin dough, with pistachios... In MRM we join the best Bolonian tradition together with our experience since 1959, what means next to 60 years “pampering” the product, now launched sliced

## ADVANTAGES / ATTRIBUTES

- The smoked touch improves the product flavor and increases its expiry date (natural conservative)
- We use only select meat parts (nothing about depreciated meat, just exclusive pieces)
- A sweet “bouquet” thanks to sherry wine as ingredient

## CONSUMPTION / PAIRING

Mortadella is always associated to children’s food, in a sandwich for snacks or breakfast, thanks to its energetic contribution. Due to we introduce it sliced, besides sandwiches It could be used in pizzas, breaded food or pancakes
